Technical

- **Front-end:** HTML, CSS, JavaScript, React
- **Back-end & data:** Python, Django, MySQL, MariaDB
- **Other:** C++, Networking, Cybersecurity, Git
- **Professional skills:** Communication, Teamwork, Problem solving, Leadership, Critical thinking

PROJECTS

01

On-the-Job Training Monitoring System

Project Leader, Collaborator

- Built a Django web app that lets On-the-Job Training students log attendance via facial recognition, track time progress, and submit daily narrative reports.
- Implemented a coordinator dashboard to monitor student attendance, narrative reports, and overall progress.
- Integrated OpenCV for camera-based facial recognition attendance.

Python · Django · MySQL · OpenCV

02

Satori Spa — Massage Spa Booking System

Sole Developer

- Developed a Django booking platform where customers browse services and book appointments online with email confirmations.
- Created a staff admin dashboard to manage bookings, services, therapists, and track monthly revenue.

Python · Django · MariaDB · HTML · CSS · JavaScript

EXPERIENCE

On-the-Job Training / Intern
[Year] – [Year]

Information Technology Intern — [Company / Department]

- Assisted in system development, testing, and documentation.
- [Add responsibility or achievement.]

CREDENTIALS
